

Radon Measurement and Mitigation Personnel in North Dakota

The North Dakota Department of Health endorses EPA guidelines for radon measurement and mitigation work done within the state. All of the companies listed below meet EPA guidelines. If you have training and experience, and feel that you are qualified to be on this list, please contact the Department at 701-328-5188.

If you want to hire a NRPP certified radon company go to this link <http://aarst-nrpp.com/wp/database-search/> . NRPP certified means that the contractor has successfully completed all radon training and testing requirements, and has agreed to follow Radon Measurement and Mitigation Standards.

The North Dakota Department of Health does not recommend or endorse companies or laboratories for conducting radon mitigation or measurement. Inclusion on this list does not constitute an endorsement by the North Dakota Department of Health. This list is not all - inclusive – parties interested in having radon measurement or mitigation done may wish to consult a telephone directory or other sources for additional environmental consulting firms.
