Updates

Date: 7/27/2020 **Status:** Reviewed - Follow-up Required **No Further Action:**

Author: Lund, Dylan

Notes:

According to the incident report, the fire got off the well pad. Follow-up required.

Updated Volumes and Contaminant None at the time of this update

Date: 7/29/2020 **Status:** Inspection - More Follow-up Required **No Further Action:**

Author: Kaiser, Don

Notes:

Inspection date July 29, 2020. Arrived at noon. Equipment on site. One tank loaded on trailer, another tank still on pad within berm. Soil was saturated East of berm and in berm area. A pile of removed topsoil was on site. Photos are in incident report folder.

Updated Volumes and Contaminant None at the time of this update

Date: 11/10/2020 **Status:** Inspection - More Follow-up Required **No Further Action:**

Author: Kaiser, Don

Notes:

Visited site on 11-02-2020. Containment berm had been removed. No visible signs of oil residue, however, wet soil made this difficult to accurately assess. No signs of vegetation in impacted area. Photos are in incident report folder. Further follow-up is recommended.

Updated Volumes and Contaminant None at the time of this update

Date: 10/7/2021 **Status:** Inspection - Vegetation Check **No Further Action:**

Author: Kaiser, Don

Notes:

Visited site on 9/23/2021. Took photos. Impacted area has sparse vegetation. Follow-up recommended.

Updated Volumes and Contaminant None at the time of this update

Date: 11/30/2021 **Status:** Inspection - More Follow-up Required **No Further Action:**

Author: Stockdill, Scott

Notes:

Met with company contact on 11/30/2021 at location.

Requested a vegetation check in 2022 at the impact location.

More follow-up is necessary.

No photos taken.

Updated Volumes and Contaminant None at the time of this update

Date: 5/10/2022

Status: Inspection - Vegetation Check

No Further Action:

Author: Suess, Bill

Notes:

Inspected the site on 5/2/2022. No adverse environmental impacts associated with this spill were observed. The vegetation appears healthy and consistent with the surrounding area. No further action is warranted.
