Author: DeVries, Taylor

Notes:

Inspection Date: 8/5/2020

Arrived on location at 1345. Crew is on site remediating spill. Spoke with a Denbury representative on site. They had daylighted the pipe and removed the surrounding soil. Further follow-up is needed.

Photos were taken and can be found in the incident folder.

Updated Volumes and Contaminant None at the time of this update

Date: 8/17/2020 **Status:** Inspection - Vegetation Check **No Further Action:**

Author: DeVries, Taylor

Notes:

Inspection Date: 8/17/2020

The pad where this release occurred off of is called CEDAR HILLS SOUTH UNIT CAPTAIN WELL #14-23NH-15. The excavation has been backfilled. (Along with this incident there was a power line going through the area at the same time.) The location of the release is approximately 46.149708 - 103.782613. A vegetation check is recommended in 2021.

Photos were taken and can be found in the incident folder.

Updated Volumes and Contaminant None at the time of this update

Date: 3/4/2021 **Status:** Inspection - Vegetation Check **No Further Action:**

Author: Crowdus, Kory

Notes:

On location 3/4/2021, at 9:39am. Area where work was done remains bare of vegetation. Follow-up required later in growing season to check on vegetation growth.

Updated Volumes and Contaminant None at the time of this update

Date: 9/3/2021

Status: Inspection - No Action Required

No Further Action:

Author: Suess, Bill

Notes:

Inspected the site on 9/2/2021. The vegetation appears healthy and consistent with the surrounding area. No further action is warranted.

Updated Volumes and Contaminant None at the time of this update
