Updates

Date: 12/31/2020 **Status:** Reviewed - Follow-up Required **No Further Action:**

Author: Suess, Bill

Notes:

According to the incident report, this spill was not confined to the well pad. Follow-up is needed.

Updated Volumes and Contaminant None at the time of this update

Date: 1/6/2021 **Status:** Inspection - No Action Required **No Further Action:**

Author: Suess, Bill

Notes:

Inspected the site on 1/5/2021. There were no fluids released from the fire and the fire did not get off the well pad. The fire burned only the top of the tank and scorched a spot on the adjacent building. No further action is warranted.

Updated Volumes and Contaminant None at the time of this update
