## **Updates**

---

**Date:** 1/4/2018      **Status:** Reviewed - Follow-up Required

**Author:** O'Gorman, Brian

**Notes:**

According to the report 1 gallon of brine was released. Further follow-up needed.

**Updated Volume:** None at the time of this update

---

**Date:** 1/12/2018      **Status:** Inspection

**Author:** Schiermeister, Robin

**Notes:**

Arrived on site at 13:08 on 1/9/2018. It was sunny with temperatures in the 30's. Walked along the ditch and to first turn off; however, did not see any evidence of a brine release due to snow cover. Only a portion of lightly stained snow was available which had a chloride strip reading of less than 31 ppm. An inspection will be needed in the spring to check the vegetation in the ditch.

**Updated Volume:** None at the time of this update
