3815 116th Ave SW
Dickinson ND 58601
Affected Medium: 03 - soil
Near. Occupied Bldg: 1 Miles
Type of Incident: Equipment leak
Release Contained: Yes
Reported to NRC: No
Contaminant: Hydraulic Oil
Volume of Release: 0.25 gallons
Duration of Release:
Agriculture Related: No
EPA Extremely Hazardous Substance: No
Number of Fatalities: 0
Number of Injuries: 0
Cause of Incident:
Hydraulic hose on excavator failed releasing approximately 0.25 gallons of fluid to permeable surface.
Risk Evaluation:
No immediate risk for explosive atmosphere or health hazards due to limited quantity of release.
Potential Env. Impacts:
Impacts to surface or ground water unlikely. Release was contained to small area and has been cleaned up.
Action Taken/Planned:
Contractor stopped equipment and cleaned up spill. The hose was repaired. Affected soil was excavated and will be sent to Clean Harbors for disposal.
Wastes Disposal Location:
Clean Harbors.

Date: 5/22/2019 **Status:** Inspection

Author: Sandvick, Duane

Notes:

Date and time of Inspection: May 22, 2019 at 3:30 pm MDT

The responsible party (RP) representative escorted the spill investigation team representative to the site. All impacted soil had been removed and placed in a storage container that will be properly disposed of by Clean Harbors, the RP's environmental disposal contractor. There was no impact to the environment or waters of the state.
