Section 33.1-20-01.1-14 NDAC states variances may be granted if the Department "finds that by reason of exceptional circumstances strict conformity with any provisions of this article would cause undue hardship or would be unreasonable, impractical, or not feasible...." Please consult the Department and any pertinent Land Treatment Guidelines before completing the variance application. Variances may be granted for a one-time event only. Repeat operations may require a full permit. In addition, applicable portions of the state solid waste management regulations should be referenced in completing the application. The location of a Land Treatment unit shall comply with NDAC 33.1-20-04.1-01., General Location Standards, Subpart 1., and Subpart 2. Applications must be thorough and complete to be considered. A written Land Treatment Variance must be received from the Department before disposal may begin. Please call the Department's Solid Waste Program at (701) 328-5166 to coordinate your application with a Department staff member.
