Please read the Department's Inert Waste Disposal Variance Guideline before completing this beneficial use application. In addition, applicable portions of the state solid waste management regulations should be referenced in completing the applications. The source, type, and characteristics of your waste will determine which rules apply. Applications must be thorough and complete to be considered. A written Beneficial Use Variance must be received from the Department before inert waste beneficial use may begin. Please call the Department's Solid Waste Program at (701) 328-5166 to coordinate your application with a Department staff member.
