Brief Description of Why Coverage is No Longer Necessary

Indicate Which Condition Has Been Met Before Submitting the NOT.

All stormwater discharges associated with industrial activity have been eliminated and final stabilization has been achieved on all portions of the site for which the permittee is responsible.

The facility has been issued an individual NDPDES permit to discharge stormwater associated with industrial activity.

The facility is a portable operation that no longer operates within North Dakota.

Stormwater discharges were from an inactive coal mining operation no longer meeting the definition of a reclamation area under 40 CFR 434.11(I) because the performance bond issued to the facility by the appropriate Surface Mining Control and Reclamation Act Authority has been released or stormwater discharges were from a non-coal mining operation which has been released from applicable state or federal reclamation requirements after December 17, 1990.

Stormwater discharges were from either a crude petroleum and natural gas extraction facility, facility producing liquid hydrocarbons from oil and gas field gases, or an oil and gas field services facility where the areas affected by a reportable quantity release that resulted in coverage under the NDPDES permit NDR32-0000 have been reclaimed and the facility has operated satisfactorily under a SWPPP for a minimum of one year following spill remediation and closure by the North Dakota Department of Environmental Quality.

CERTIFICATION STATEMENT

Return Completed Form to: North Dakota Dept. of Env. Quality Division of Water Quality, 3rd floor 4201 Normandy Street Bismarck, ND 58503-1324 Telephone: 701.328.5210	I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gathered and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
