### **Clean Water State Revolving Fund Awards Two Loans**

BISMARCK, N.D. – The Clean Water State Revolving Fund (CWSRF) Program awarded loans to two North Dakota cities in May 2018.

- Arnegard - \$2,298,000 for reconstruction of sanitary sewer mains and construction of a new storm sewer system.
- Beulah - \$345,000 for the removal and disposal of lime sludge from the wastewater pond system to provide improved capacity for wastewater treatment.

The U.S. Environmental Protection Agency provides part of the funding for the CWSRF Program, which offers below-market interest rate loans to political subdivisions for financing projects authorized under the Clean Water Act. CWSRF programs operate nationwide to provide the funding necessary to maintain and improve the infrastructure that protects our vital water resources.

For more information, contact David Bergsagel, North Dakota Department of Health, at 701.328.5211.
