North Dakota Department of Environmental Quality provides disaster remediation information

BISMARCK, N.D. – The North Dakota Department of Environmental Quality has detailed information about disaster remediation including proper cleanup after a fire or other disaster online at deq.nd.gov/flood.

A number of topics are covered such as appropriate waste disposal and debris removal, including how to address asbestos hazards and disposing of large animal carcasses.

Residents may also contact Environmental Quality at 701-328-5150 or email deq@nd.gov.
