

CATEGORICAL EXCLUSION DETERMINATION

FOR THE PROPOSED PROJECT OF: 6th Street Sewer Extension Project
 Hankinson (Richland County), North Dakota

DRINKING WATER STATE REVOLVING FUND PROJECT NUMBER: 3900443-03
CLEAN WATER STATE REVOLVING FUND PROJECT NUMBER: 380918-02

The North Dakota Department of Environmental Quality (NDDEQ) has conducted a review of the proposed project for the City of Hankinson in accordance with the National Environmental Policy Act (40 CFR Part 6). The NDDEQ has determined that this project is eligible for a categorical exclusion and is exempt from further substantive environmental review.

Because the proposed project meets the criteria for a categorical exclusion, a full Finding of No Significant Impact and Environmental Assessment will not be required. Following is a description of the proposed project and a brief statement of how the project meets the criteria for a categorical exclusion.

The proposed project involves the installation of sanitary sewer pipe, sanitary sewer manholes, and drinking water main to serve a Richland County Highway Department shop and a private business. Completion of this project will provide clean and safe drinking water and sanitary sewer service to existing facilities on previously unserved parcels of land.

The City of Hankinson has obtained a Drinking Water State Revolving Fund loan and a Clean Water State Revolving Fund loan to finance the project. The city has the legal authority and financial and administrative capability to construct the proposed improvements.

This project is being granted an exclusion because no previously undisturbed areas will be affected by the construction activities. The North Dakota State Historic Preservation Officer has concluded that no historic properties will be affected by this project (ND SHPO Ref.: 21-6839) provided it takes place in the location and in the manner described in the documentation and provided all borrow comes from an approved source. It has been determined that exempting the proposed project from further review under the National Environmental Policy Act will not result in adverse impacts to the population or area of Hankinson and Richland County.

The documentation to support this decision will be on file and available for public review at the NDDEQ, Division of Municipal Facilities.

Comments concerning this decision may be addressed to Bryan R. Schmitt, Environmental Engineer, Division of Municipal Facilities, North Dakota Department of Environmental Quality, 4201 Normandy Street, 3rd Floor, Bismarck, ND, 58503-1324.

Dated the 3rd day of November, 2021.

David J. Bruschwein, P.E.
Director
Division of Municipal Facilities
