

Amendment to the 2024 INTENDED USE PLAN

for the

NORTH DAKOTA DRINKING WATER STATE REVOLVING FUND

prepared by the

DRINKING WATER STATE REVOLVING FUND PROGRAM

DIVISION OF MUNICIPAL FACILITIES

May 21, 2024

Purpose

North Dakota's 2024 DWSRF Intended Use Plan (IUP) was submitted to EPA Region 8 on December 29, 2023 and received approval on January 2, 2024. The IUP has been incorporated into the capitalization grant agreement between the NDDEQ and EPA.

All projects, except for projects funded on an emergency basis, must be ranked using a State's priority system and go through a public review process prior to receiving assistance (40 CFR §35.3555). To ensure that projects are able to proceed to construction in a timely manner in order to ensure the health and welfare of the citizens of North Dakota, the NDDEQ submits this revision to its IUP.

Water systems were given the opportunity to submit projects for ranking and inclusion on the 2024 revised IUP. Five projects were submitted, ranked, and added to the priority list. The revised Appendix B includes the additional projects. Additional subsidization will not be available to these projects in 2024 but will be reconsidered in future years.

Appendix B

Comprehensive Project Priority List and Fundable List for 2024 Base and Supplemental Funding

Amended May 23, 2024

Shaded projects are on the fundable list
 Projects added to the amended list are in red
