THE NORTH DAKOTA SOLID WASTE MANAGEMENT RULES

FACILITY NAME: Central Point Landfill and Transfer LLC – Permit 0177

APPLICANT: Central Point Landfill and Transfer LLC
4700 46th Ave. NW
Minot, ND 58703

BACKGROUND:

The North Dakota Department of Environmental Quality (Department) received a permit application for a renewal for the Central Point Landfill and Transfer LLC's (Central Point) inert waste landfill facility.

Central Point currently owns and operates an inert waste landfill facility, regulated under Permit 0177 on approximately 20 acres located in Section 1, Township 115 North, Range 73 West in Rolette County, ND. Central Point is proposing to renew their permit to continue disposing of inert wastes in the landfill. The facility was first permitted in 1984 as the Casper Volk Municipal Waste Landfill (Permit SW-309) and then as the Rugby Sanitation Inert Landfill in 1996. Central Point bought the facility on January 6, 2021.

The Department believes that a permit which meets the requirements of the North Dakota Solid Waste Management Rules and is protective of human health and the environment can be issued to Central Point Landfill and Transfer and has prepared a Draft Permit for public review and comment.
