

NOTICE OF INTENT TO ISSUE A
RADIATION CONTROL PROGRAM
RADIOACTIVE MATERIALS LICENSE TO OPERATE

Take notice that the North Dakota Department of Environmental Quality (NDDEQ) proposes to issue a Radioactive Materials license to White Owl Energy Services, Inc. for a radioactive material processing facility. The license will allow authorization for the processing of Naturally Occurring Radioactive Material (NORM) and Technologically Enhanced Natural Occurring Radioactive Material (TENORM) at 5756 105th Avenue NW, Tioga, North Dakota, 58854.

Preliminary evaluations made by NDDEQ staff indicate that White Owl Energy Services, Inc. will comply with all applicable North Dakota Radiological Health Rules and there will be no significant detrimental effects to members of the public or the environment.

A 30-day public comment period for the draft license will begin on June 8, 2026 and end on July 7, 2026. Comments should be directed in writing to:

North Dakota Department of Environmental Quality
Radiation Control Program
Division of Waste Management
4201 Normandy Street
Bismarck, ND 58503

Comments may also be submitted electronically to ram@nd.gov. Comments must be received by the end of the public comment period to be considered in the final license determination. The NDDEQ will hold a public hearing if there is a significant degree of public interest; requests for such a hearing must be submitted in writing before the comment period expires.

The notice, draft license and application are available for review at the NDDEQ address above and on the Division of Waste Management website at <https://deq.nd.gov/wm/PublicNotices/default.aspx>. A copy of these documents may be obtained by writing to the Division of Waste Management or contacting David Stradinger at (701) 328-6410 or emailing ram@nd.gov.

Dated this 27th day of May, 2026.

Charles R. Hyatt, Director
Division of Waste Management
North Dakota Department of Environmental Quality
