

Solid Waste Transporter Permit Renewal Instructions

- You can request an ND Solid Waste Permit Modification on our new web application.

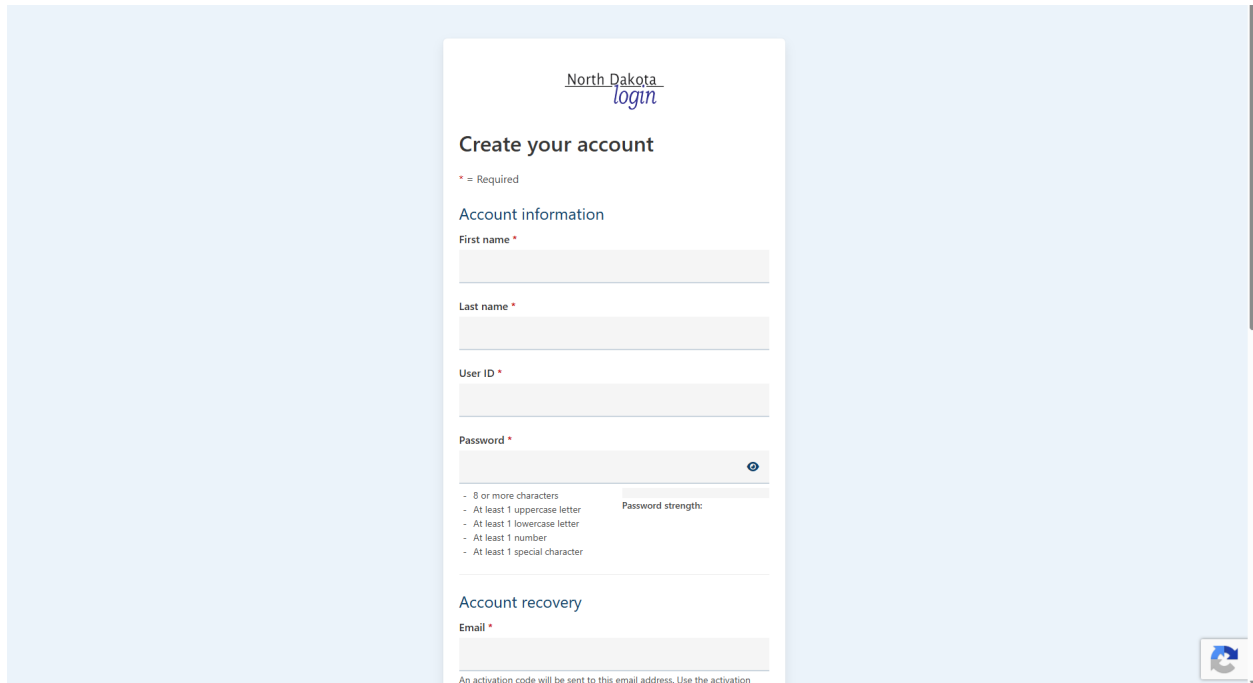

Steps:

1. Go to [Home - CERIS-ND](#) and click “sign in” on the top right corner of the screen (yellow circle)

2. If you already have an ND login account “Sign in” and skip to step 5, if you do not have an account proceed to step 3

3. Create an account by filling in all information with the red asterisk symbol (*)

The screenshot displays a web page for account creation. At the top, the text 'North Dakota' is followed by a blue 'login' link. Below this is the heading 'Create your account'. A legend indicates that a red asterisk (*) denotes a required field. The form is organized into two main sections: 'Account information' and 'Account recovery'. The 'Account information' section contains four input fields: 'First name', 'Last name', 'User ID', and 'Password'. The 'Password' field includes a toggle icon for visibility. Below the password field, a list of requirements is provided: 8 or more characters, at least one uppercase letter, at least one lowercase letter, at least one number, and at least one special character. A 'Password strength' indicator is also present. The 'Account recovery' section features an 'Email' input field. A note at the bottom states, 'An activation code will be sent to this email address. Use the activation'. A small icon is visible in the bottom right corner of the page.

INSTRUCTIONS

This application form, along with the appropriate attachments, must be completed in order to renew your existing permit pursuant to North Dakota Century Code (NDCC) Chapter 23.1-08 and North Dakota Administrative Code (NDAC) Article 33.1-20. Applicants should obtain a copy of these rules and related guidelines and be knowledgeable of the requirements prior to completing the application. The North Dakota Solid Waste Management Rules can be found at <https://ndlegis.gov/information/acdata/html/33.1-20.html>. Any permit issued by the Department will be based on the permit application information.

Please be sure that you address all information required on the form as well as all other information required under the Solid Waste Management Rules. Return this completed form along with the attachments and other information necessary to complete an application. In addition to the electronic copy submitted here, you are required to submit one hard copy of the entire application (form and attachments) in accordance with NDAC Subsection 33.1-20-03.1-02(3).

In the event an application is not considered complete, or is inaccurate or deficient as outlined in the North Dakota Solid Waste Management Rules and Departmental guidelines, the North Dakota Department of Environmental Quality - Solid Waste Program will notify the applicant as promptly as possible so that the applicant has the opportunity to revise the submittal.

A permit from the Department does not supersede local zoning authority or any other requirements of any political subdivision of the state. Coordination with any local zoning officials, local health officials, and any other necessary local, state or federal programs and agencies are necessary prior to submitting the application. Corroboration of such information is necessary to proceed with the application review. The Department encourages all applicants to work closely with local political subdivisions and local health officials, as well as the Department, throughout the permitting process.
