Thereafter, the Board of Supervisors shall review the matter at a public hearing for final decision.

Petitions for zoning district change and conditional uses shall be submitted with the following information:

- 8.1.3.1 Legal description of the area proposed to be rezoned, the mile of the site.

In making their findings, the Zoning Commission and Board of Supervisors shall ascertain as to whether the proposal for zoning district amendment is consistent with the township Comprehensive Plan and meets all requirements of these regulations and other regulations of the township and recommend and forward the same to the Board of Supervisors.

8.2 Conditional Use Permits

8.2.1 Purpose

The development of these regulations is based upon division of the township into districts, within which district the use of land and building bulk and locations of building and structures are mutually compatible and substantially harmonious. However, there are certain uses which, because of their unique characteristics, cannot be properly classified as permitted uses in any particular district, without consideration, in each case, of impact of those uses upon neighboring premises. Such uses, nevertheless, may be necessary or desirable to be allowed in a particular district provided that due consideration is given to location, development and operation of such uses.

8.2.2 Public Hearing Notice

Shall be the same as the provisions set forth for public hearing notice for zoning district amendment in Section 8.1.1.

8.2.3 Public Hearings

Shall be the same as the provisions set forth for public hearing for zoning district amendment in Section 8.1.2.

8.2.4 Data Submission Requirements

Shall be the same as the provisions set forth for data submission requirements for zoning district amendment in Section 8.1.3.

8.2.5 Deliberation and Decision

Shall be the same as the provisions set forth for deliberation and decision for zoning district amendment in Section 8.1.4

8.2.6 Standards

No application for conditional use shall be approved unless findings are made that all of the following conditions are present.

- 8.2.6.1 That the establishment, maintenance or operation of the conditional use will not be detrimental to or endanger the public health, safety, morals, comfort or general welfare.
- 8.2.6.2 That the uses, values and enjoyment of other property in the neighborhood for purposes already permitted shall be in no foreseeable manner substantially impaired or diminished by the establishment, maintenance or operation of the conditional use.
- 8.2.6.3 That the establishment of the conditional use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the district.
- 8.2.6.4 That adequate utilities, access roads, drainage and other necessary site improvements have been or are being provided.
- 8.2.6.5 That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic impact on the area.

8.2.6.6 That the conditional use shall substantially conform to all applicable regulations of the district in which it is located.

8.2.7 Conditions and Guarantees

8.2.7.1 Prior to the decision on any conditional use, the Board of Supervisors may stipulate such conditions and restrictions upon the establishment, location, construction, maintenance and operation of the conditional use as deemed necessary to promote the public health, safety and general welfare of the township and to secure compliance with the standards and requirements specified in Section 8.2.6. In all cases in which conditional uses are granted, the Board of Supervisors shall require such evidence and guarantees as it may deem necessary as proof that the conditions stipulated in connection therewith are being and will be complied with.

8.2.7.2 No alteration of a conditional use shall be permitted unless approved by the Board of Supervisors. Where the Board of Supervisors has approved or conditionally approved an application for a conditional use, such approval shall become null and void within 12 (twelve) months of the date of the Board of Supervisors action unless the use is commenced, construction is underway or the current owner possesses a valid building permit.

8.3 Variances

Variance from the terms of these regulations as to building height, lot area and yard requirements may be granted provided that the applicant establishes proof of practical difficulty or undue hardship.

8.3.1 Public Hearing Notice

Notice of all such public hearings shall be published at least 15 (fifteen) days prior to the hearing in the official newspaper of the county. The notice of hearing shall include: (1) the time and place of hearing; (2) description of the property by street address for platted lands and clearly identifiable location for the unplatted lands; (3) the proposed use and requested zoning variance; (4) time and place for public inspection of the documents before the hearing.

8.3.2 Public Hearings

Shall be the same as the provisions set forth for public hearing notice for zoning district amendment in Section 8.1.

8.3.3 Data Submission Requirements

Petitions for variances shall be submitted with the following information.

8.3.3.1 Description of the property by street address for platted land and clearly identifiable location for the unplatted lands, the name and addresses of all owners of property lying within one mile of the site.

8.3.3.2 A map showing the existing land uses and zoning district classification of the area.

8.3.3.3 A fee shall be paid in accordance with the schedule established by the Zoning Commission.

8.3.4 Deliberation and Decision

In making its finding, the Zoning Commission and Board of Supervisors shall follow the same provisions set forth for deliberation and decision for zoning district amendments in Section 8.1.4.

8.3.5 Standards

No application for variance shall be approved unless it is found that all of the following are present.

8.3.5.1 That special conditions and circumstances exist which are peculiar to the premises and which are not applicable to other premises in the same zoning district.

- 8.3.5.2 That literal interpretation of these regulations would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district.
- 8.3.5.3 That the special conditions and circumstances have not resulted from actions of the applicant.
- 8.3.5.4 That granting the variance requested will not confer upon the applicant any special privileges that are denied by these regulations to other premises.

8.3.6 Justification

- 8.3.6.1 That the reasons set forth in the application justify the granting of the variance.
- 8.3.6.2 The variance is the minimum which would make possible a reasonable use of the premises.
- 8.3.6.3 That the granting of variance will be in harmony with the general purpose of these regulations and will not be injurious to the surrounding premises, neighborhood or the city and will not be contrary to the comprehensive plan and the purposes of these regulations.
- 8.3.6.4 That there is practical difficulty or unnecessary hardship in use of the premises if the strict application of the regulations were to be carried out.

8.3.7 Authorized Variances

A variance shall not be granted for any yard or setback less than the yard or setback as required by these regulations.

- 8.3.7.1 To reduce not by more than twenty percent (20%) the applicable requirements for lot area and lot width.
- 8.3.7.2 To reduce the applicable off-street parking or loading facilities by no more than fifty percent (50%) of the requirements.
- 8.3.7.3 To permit the use of lot of record if it is smaller than the minimum size required by these regulations.

8.4.2 Right to Appeal

Appeals of Administrative Decisions may be filed by any person aggrieved or by any officer, department, board or agency affected by any decision of the administrative officer.

8.4.3 Application Submittal

Applications for Appeals of Administrative Decisions shall be submitted to the Codes Administrator in a form established by the Codes Administrator along with a nonrefundable fee that has been established by the

Board of Township Supervisors. No application shall be processed until the application is complete and the required fee has been paid.

8.4.4 Time of Filing Appeal

Appeals of Administrative Decisions shall be filed within 10 days of the date of the decision being appealed.

8.4.5 Effect of Filing

The filing of a complete application for appeal stays all proceedings in furtherance of the action appealed, unless the official whose decision is being appealed certifies to the Board of Township Supervisors, after the appeal is filed, that, because of facts stated in the certification, a stay would cause immediate peril to life or property. In such case, proceedings shall not be stayed other than by a restraining order, which may be granted by the Board of Township Supervisors, or by a court of record.

8.4.6 Transmittal of Papers

The Codes Administrator or the official whose decision is being appealed shall transmit to the Board of Township Supervisors all papers constituting the record upon which the action appealed is taken.

8.4.7 Review and Action – Board of Township Supervisors

Appeals of Administrative Decisions shall be taken to the Board of Township Supervisors. The Board of Township Supervisors shall grant to the administrative official's decision a presumption of correctness, placing the burden of persuasion of error on the appellant. In exercising the appeal power, the Board of Township Supervisors shall have all powers of the official from whom the appeal is taken, and the Board of township Supervisors may reverse or affirm wholly or partly or may modify the decision being appealed. If the Board of

Township Supervisors determines that it is necessary to obtain additional evidence in order to resolve the matter, it shall remand the appeal to the official from whom the appeal is taken, with directions to obtain such evidence and to reconsider the decision in light of such evidence. A concurring vote of three members of the Board of Township Supervisors shall be necessary to reverse any order, requirement, decision, or determination of an administrative official.

8.4.8 Review Criteria; Findings of Fact

An appeal shall be sustained only if the Board of Township Supervisors finds that the administrative official erred.
