Re: Air Pollution Control
Draft Permit to Construct No. ACP-17556 v1.1

Dear Mr. Burow:

Pursuant to the Air Pollution Control Rules of the State of North Dakota, the Department of Environmental Quality (Department) has reviewed the permit application received September 4, 2024, to obtain a renewed Permit to Operate AOP-27979 v3.0 for operation of the Bethel Compressor Station located in Williams County, North Dakota.

Before making final determination on the draft Permit to Operate, the Department must first solicit public comment of its draft Permit to Construct ACP-17556 v1.1 by means of the enclosed public notice. As indicated in the notice, the public comment period will begin on January 2, 2025, and end February 2, 2025. The Department's analysis and a draft copy of the Permit to Construct may be found at <https://deq.nd.gov/AQ/PublicCom.aspx>. The documents will be posted on or before January 2, 2025.

All comments received will be considered in the final determination concerning issuance of the permit. You will be notified in writing of our final determination.

If you have any questions, please contact me at (701)328-4639 or email rsmartin@nd.gov.

Sincerely,

Russell Martin
Environmental Scientist
Division of Air Quality

NOTICE OF INTENT TO ISSUE AN
AIR POLLUTION CONTROL
PERMIT TO CONSTRUCT

Take notice that the North Dakota Department of Environmental Quality (NDDEQ) proposes to issue a modified Air Pollution Control Permit to Construct to Hiland Partners Holdings LLC for operation of the Bethel Compressor Station in accordance with the North Dakota Air Pollution Control Rules. The natural gas compressor station operates in Williams County, North Dakota. The Hiland Partners Holdings LLC mailing address is 1001 Louisiana Street, Ste 1000, Houston, TX 77002.

Preliminary evaluations made by Department staff indicate that the plant will comply with all applicable Air Pollution Control Rules and there will be no detrimental/significant effects to air quality. Predicted concentrations in the air surrounding the facility are expected to be below the state and federal ambient air quality standards, which are standards that are set at a level to protect human health and the environment.

A 30-day public comment period for the proposed permit to construct will begin January 2, 2025, and end February 2, 2025. Direct comments in writing, including Re: Public Comment Permit Number ACP-17556 v1.1, to AirQuality@nd.gov or the NDDEQ, Division of Air Quality, 4201 Normandy Street, 2nd Floor, Bismarck, ND 58503-1324. Emailed comments must be sent to the email address above to be considered. Comments must be received by 11:59 p.m. central time on the last day of the public comment period to be considered in the final permit determination.

A public meeting regarding issuance of the Permit to Construct will be held if a significant degree of public interest exists as determined by NDDEQ. Requests for a public meeting must be received in writing by NDDEQ before the end of the public comment period. The application, NDDEQ analysis and draft permit are available for review at the above address and on-line at <http://deq.nd.gov/AQ/PublicCom.aspx>. A copy of these documents may be obtained by writing to the Division of Air Quality or contacting Russell Martin at (701)328-4639 or emailing rsmartin@nd.gov.

The NDDEQ will consider every request for reasonable accommodation to provide an accessible meeting facility or other accommodation for people with disabilities, language interpretation for people with limited English proficiency (LEP), and translations of written material necessary to access programs and information. Language assistance services are available free of charge to you. To request accommodations, contact NDDEQ's Non-discrimination Coordinator at 701-328-5150 or deqEJ@nd.gov. TTY users may use Relay North Dakota at 711 or 1-800-366-6888.

Dated this 30th day of December 2024

James L. Semerad
Director
Division of Air Quality
