

Fee Schedule for Water Samples Inorganic Analytes

<p>Partial Mineral Chemistry \$78.65 - \$90.31</p> <p>Bicarbonate Calcium Carbonate Manganese Iron Magnesium Nitrate Sodium (Percent) pH Potassium Sodium Sodium Absorption Ratio Hydroxide Total Alkalinity Hardness Total Hardness Total Dissolved Solids Turbidity</p>	<p>Complete Mineral Chemistry \$116.52 – \$128.18</p> <p>Partial Mineral Chemistry plus: Chloride Sulfate Fluoride Silica</p> <p>Lead and Copper \$43.69 - \$55.35</p> <p>Nitrate + Nitrite \$14.56</p> <p>Fluoride \$20.39</p> <p>Arsenic \$34.96 – \$46.62</p> <p>Special or unusual requests: These can be handled on a case-by-case basis and will have a varying price range. Please call for details.</p>
---	--

All samples are required to be collected in containers provided by the Chemistry Laboratory. To obtain a collection kit, please call our Sample Receipt Coordinator at 701-328-6140.

The Partial and Complete mineral analyses require the sample to be returned to the laboratory within 48 hours of collection.

These analyses take approximately two weeks to complete but may take longer due to heavy sample load and program priority. Once completed, a sample report will be mailed to your address.

For more information, refer to our website: <https://deq.nd.gov/chemistry/> or call 701-328-6140.
