SECTION F – SLEIS USER INFORMATION AND INSTRUCTIONS

When completed and signed, make a copy of this subscriber agreement for your records and return the original subscriber agreement to:

DEQ Data Coordinator
 North Dakota Department of Environmental Quality
 4201 Normandy Street, 3rd Floor
 Bismarck, ND 58503-1324

A copy of this Subscriber Agreement must be retained in your official records for at least 5 years after the user (Section A) ceases to use the system for submitting reports.

When the NDDEQ sets up the user account to use SLEIS you will be able to log-in to SLEIS after you reset your password from the log-in page. If you have SLEIS permission to submit a report, you will be asked to setup challenge questions the first time you log into SLEIS. To do this, you will be directed to a web page where you will be provided a list of challenge questions. You will be asked to provide answers for at least five of them.

Each time you submit a report, you will be asked to enter your password and a challenge question(s). If the challenge question is not answered correctly, you will be presented with another one of the challenge questions and asked to provide your answer. Your account will automatically lock out after three failed challenge question attempts.

Providing the correct challenge question(s) will enable SLEIS to verify that you are the person submitting the reports and will serve as the digital signature for your report.

If the password or challenge question is incorrectly entered three times, the account will be locked, and an email will be sent to the user’s email address indicating the user account was trying to submit a report but failed the security test. The email also will warn that if you are not using this account, it may be compromised, and you should check on the account status. You must notify the Department if you believe the account has been compromised.

To ensure user accounts are kept current, extended inactivity will result in the user account being locked. The user will need to contact an SLEIS Administrator at the Department who can verify the user’s status and can unlock the user’s SLEIS account.

Subscriber Agreement Supporting Information
NORTH DAKOTA DEPARTMENT OF ENVIRONMENTAL QUALITY**

Annual Emission Inventory Reports (AEIRs) can be electronically submitted to the Department using SLEIS. AEIRs require a signature from a legally authorized company representative or their designee when submitted. Those who use SLEIS to submit an AEIR must first complete a SLEIS subscriber agreement (SFN XXXXX) and mail it to: North Dakota Department of Environmental Quality; 4201 Normandy Street, 3rd Floor; Bismarck, ND 58503-1324. Please allow a minimum of 30 days for the Department to process the SLEIS subscriber agreement and setup the user account in SLEIS.
