FACILITY NAME:   Stanley Inert Waste Landfill – Permit 0126

APPLICANT: City of Stanley
PO Box 249
Stanley, ND 58784

BACKGROUND:

On August 8, 2019, the North Dakota Department of Environmental Quality (Department) received a permit application for a renewal of the City of Stanley’s inert waste landfill facility.

The City of Stanley currently owns and operates an inert waste landfill, regulated under Permit 0126 located in the NE1/4 of the NW1/4 of Section 27, Township 156 North, Range 91 West in Mountrail County, ND. The City of Stanley is proposing to renew their permit. The Inert Waste Landfill facility was first permitted in 1991.

The facility operates an existing inert waste landfill area, a yard waste composting area, a recyclable metals pile (including white goods), a concrete and asphalt concrete pile for reuse or disposal, a wood storage area for conducting open burning, and soil stockpiles for future covering operations. According to the application, waste will be accepted from residents within the City of Stanley and residents from Mountrail County that are generally located within 20 miles of Stanley.

The Department believes that a permit which meets the requirements of the North Dakota Solid Waste Management Rules and is protective of human health and the environment can be issued to the City of Stanley and has prepared a Draft Permit for public review and comment.

PUBLIC COMMENTS AND HEARING

As required by Section 33.1-20-03.1-03 of the North Dakota Administrative Code, the Draft Permit will be available for public review and comment for thirty (30) days following publication of the Public Notice. The public comment period begins October 14, 2020 and ends November 12, 2020. During that period, any interested person may submit written comments and request a public hearing by stating the nature of the specific issues to be raised. A fifteen (15) day notice will be provided before any hearing is scheduled. The North Dakota Department of Environmental Quality will consider all comments prior to taking any action on the permit. Comments, questions and written communication should be directed to:

Charles R. Hyatt, Director
North Dakota Department of Environmental Quality
Division of Waste Management
918 East Divide Avenue, 3rd Floor
Bismarck, ND 58501-1947

Comments may also be sent via e-mail to solidwaste@nd.gov.

The Draft Permit and Permit Application are available for review during the hours of 8:30 a.m. to 4:00 p.m., Monday through Friday, at the North Dakota Department of Environmental Quality, Division of Waste Management, 918 East Divide Avenue, 3rd Floor, Bismarck, ND. A copy of this Public Notice is also on the Department's website at: https://deq.nd.gov/PublicNotice.aspx

Anyone requiring special access or accommodations to review the Draft Permit may contact the Department at 701-328-5166.
